## MAIL BID LIST #5

CLOSING [SEP 5 1983]

This auction includes several unlisted California Merchants' tokens, mainly from Bishop and Coalinga, as well as another good selection of pieces from Nevada. A substantial number of Minnesota tokens are listed as well. Latin-American tokens, including Chilean Nitrate Mine pieces are represented along with several British Tavern Tokens and Parisian "Bal" metal tickets.

Descriptions are of necessity brief. Sizes are in millimeters. Metals are listed as Al, Br, Cop or Plas. Parentheses are used considerably and mean that the information enclosed is not to be found on the token. Catalog numbers are often used (K#22) referring to the most standard work in any field. Feel free to write if you wish to know which. Dollar values (\$25) in parentheses mean the estimated market value and/or most recent known auction sale price. "MB" with the dollar value means a "reserve" or "minimum bid" (MB\$25). Comments are invited.

CONSIGNMENT DIRECTIONS

Consignments of any kind of exonumia are welcomed for future sales. I will be holding such sales at least four times per year. My fees are as follows: items selling at \$10 and over - 20%, \$3 to 9.99 - 25%, and under \$3 - 35%. When shipping your material please include a list of the items you are sending. Keep a copy for yourself.

One of the objectives of a mail auction is to use the auctioneer's list to get you the highest possible return on the material you consign, and give other collectors the opportunity to obtain the top quality material you own which might otherwise remain apart from important collections. The better the material you consign, the higher will be your return.

Since this auction is international, why not consider consigning items from your duplicates that are from other countries. The list is mailed to 1000 collectors on three continents.

If you have any questions about what to consign, please feel free to write and ask. Otherwise just ship your items. Thanks.

## MAIL BID LIST #5

### PRICES REALIZED

The high seller for this auction was the Dr. Darby, Boston, counterstamp (#1) at \$79.00. Several foreign counterstamps sold in the range of \$8-12. Better Sales Tax Tokens continued to hold their value and even increase: Casey IL (#439) went for \$30, Depue IL (#440) \$40; El Paso IL (#441) \$14.40; an Ohio booklet of 100 receipts (#454) \$21; and the Dunham aluminum (#470) \$24.25. Among the state merchants tokens the Maricopa CA (#52) sold for \$27.00 and the Clawson TX Pine Island Lumber Company token (#376) went for \$28.50. A lot of Wisconsin plastic trade tokens (#349) went at \$21.30. Interestingly the White Pine County, Nevada, Hunting License auctioned at \$17.62.

Among the foreign listings the three French Project Niquel patterns (#636, 637 and 638) went for \$25 each. The German Ansbach Werkantune piece (#628) topped at \$16.25. Luxembourg Cafe tokens sold in the range of \$5 to \$12, and some Brazil and Jamaica pieces sold in the range of \$12 to \$15. A lot of Goetz telephone tokens (#741) sold at \$28.50, with all other bids very close behind. A batch of Dirty Queen wooden nickels (#786) sold at \$16.55. While bidding was low for foreign transportation tokens and telephone tokens, it was strong. One Spanish language phone token sold at \$8.

Lots not listed below either received no bids or bids too low for consideration.

BIDDING BY TELEPHONE? My number is 1 (415) 648-8634. The best hours to reach me are 7-9 a.m. and 1-5 p.m., Pacific Time. However, the least expensive and most certain means to bid is by mail, even if only on a Post Card. Many times I am not available. At other times you may get my answering machine. If the machine and telephone company are in good operating condition that day you may be lucky and be able to leave a message. But it has happened that I did not get the message. So, there is some risk in using the phone. I want to help you to keep your expenses as low as possible as well as mine.
